ABOUT CTYA

The Canadian Tamil Youth Alliance (CTYA) is a federally registered non-profit organization which strives to empower Tamil youth to become outstanding leaders and contributing citizens of our community. CTYA believes that the Tamil community can exceed expectations and achieve great things if the Tamil youth stand together for a unified goal and vision. CTYA aims to achieve this through initiating programs in five different sectors where the youth are well involved in. Those sectors are Arts & Culture, Athletics, Education & Career Development, Human Rights Advocacy and Tamil Nation Development. Our goal is to facilitate the participation of young Canadian Tamils in the Canadian society to build a stronger, greener and fairer country and to also help them gain the skills and experience required to walk forward in achieving their goals. We hope to give individuals the recognition they deserve for their outstanding achievements and performances.

Our Vision

To empower Canadian Tamil Youth to become outstanding leaders and citizens in our society

Our Mission

- To provide a progressive and democratic forum for Canadian youth of Tamil heritage and youth affiliated with the Tamil language, culture and/or people
- To provide a united front to strengthen the social, economic and spiritual growth of Tamil youth, both in Canada and abroad
- To facilitate the participation of Tamil youth in the broader Canadian society with the aim of building a stronger, greener and fairer country

OUR COUNCILS

Arts and Culture

The Arts and Culture Council is responsible for creating an environment for youth that is inspiring and conducive of self expression through the arts and culture. Among its key objectives are the improvement, re-orientation and expansion of programs that promote the arts and Tamil culture to Canadian Tamil youth and the broader Canadian Community.

Athletics

The Athletics Council is tasked with providing Canadian Tamil youth with an avenue to develop their leadership skills through athletics and recreational programs. The aim of this council is to educate through athletics and promote outstanding sportsmanship and build team spirit.

Education and Career Development

The Education and Career Development Council provides Canadian Tamil youth with the necessary resources that integrates academic, applied learning and career awareness to support youth in making a successful transition from school to work, or post-secondary education. Through a coordinated effort, youth will have optimal access to career development resources, and will be better prepared to take advantage of relevant learning and workplace opportunities.

Human Rights Advocacy

The Human Rights Advocacy Council aims to build the capacity of Canadian Tamil youth by equipping them with the necessary knowledge and skills to advocate for the protection of human rights in Canada and abroad. This council will strive to not only uphold international law and the Geneva conventions, but also educate our youth and the broader Canadian society about the ongoing plight of Tamil people.

Tamil Nation Development

The Tamil Nation Development Council aims to make significant efforts to rebuild and develop the war-stricken nation. This council hopes to implement projects, and provide support to re-establish educational facilities, hospitals, homes and other infrastructures in collaboration with community partners, NGOs and U.N agencies.

If a single individual alone can make a difference, if a single group alone can achieve the unexpected, envision what an alliance of organizations can achieve. Youth, the generation to decide the fate of the future, have the power to accomplish great things. Imagine what can be accomplished when the Tamil youth in Canada come together, stand united, and voice for a unified goal and vision. The possibilities are endless.

4th Annual Awards

CTYA will be celebrating the achievements of the Canadian Tamil youth at our awards gala, "Top Talents".
